We also WELCOME your bids on any lot in the auctions by e-mail, up to 24 hours before the lot will be offered.

THE DETAILS:

When you register, you choose your own user name and password, which will stay the same for all transactions on our site.

1. Bidding normally starts in the auction room and the lot will be adjudicated ignoring the Internet unless an Internet bidder has been recognised before the last price is reached.
2. Please click on the bid button as early as possible for your **FIRST BID** in the bidding as it may take a moment to connect via the server due to the different Internet connection speeds around the world. Once your bid is relayed the auctioneer notes an Internet presence and will delay the bidding at the end giving you a chance to finalise your bid.
3. When and only when there is an Internet bidder the display will show **GOING GOING GONE!** in sequence confirming the end of the bidding. You must get your final bid through at the moment of the display of the first **GOING**.
4. Sometimes several Internet bids may be made at the same moment. The server accepts the first bid received and ignores the others at the same price. This explains why you may have bid but the next bid is **NOT** for you. Please bid again immediately.
5. Every Internet bidder is automatically awarded a **credit limit** of CHF 20'000 or equivalent in Euro. If more is required before the sale just send us an E-Mail at: "accounts@davidfeldman.com" mentioning the new desired credit limit. During the sale you can ask to increase your credit limit through the "Finance" page of the Live Auction Software. Please note that in this case a few minutes could be needed to receive the answer.
6. Because of persons who have missed lots because of auction speed, we strongly urge you to e-mail us a listing of all lots or groups of lots on which you may bid (no obligation), so the auctioneer may be aware. We also suggest you to give us a phone number where we can reach you during the sale in case of any difficulties. If you need help in any way during the sale please contact our auction secretariat by telephone at: +41.22.727.0770, which will connect you with the appropriate person.

JOHN WILFRID LOARING

A BIOGRAPHICAL SKETCH

PRE-OLYMPIC DEVELOPMENTAL YEARS

John Wilfrid Loaring was born in Winnipeg, Manitoba, Canada on August 3rd, 1915, and moved to Windsor, Ontario in 1926. Shortly before starting high school in 1929, he was stricken with rheumatic fever. His family doctor advised that his running days were over, but Loaring hoped otherwise. By 1934, Loaring was dominating 120yd hurdles and 440yd runs. At the Intra-Empire Schoolboy Games in Melbourne, Australia, on November 9th, 1934, Loaring won gold medals in the 120yd high hurdles and 4x440yd relay. In 1935-36, Loaring was Freshmen President, University of Western Ontario, London.

1936 OLYMPIC GAMES, BERLIN, GERMANY

The first time Loaring competed in the 440yd hurdles was at the 1936 Ontario Championships, and he won. The first time he competed in the metric version of this event, the 400m hurdles with slightly different hurdle spacing, was at the 1936 Canadian Championships and Olympic Trials in Montreal, Quebec. At age 20, he won both the 400m hurdles and the 400m run, breaking the Canadian records for both.

Loaring's second competitive experience in the 400m hurdles was on his 21st birthday, August 3rd, in the heats at the 1936 Berlin Olympic Games. The following day, Loaring ran in both the semi-final and final of the 400m hurdles. He was the youngest finalist, winning the silver medal, 3/10ths of a second behind the American gold medalist, who had set World Records at both the 1932 Los Angeles Olympic Games and in 1934. On August 6th and 7th, Loaring ran four 400m races: first round, second round, semi-final, and final, in which he placed sixth.

On August 8th, Loaring anchored the 4x400m Canadian relay team. In the semi-final heat, Loaring received the baton ahead of Germany's Rudolf Harbig, who later, in 1939, broke World Records in the 400m and 800m runs. Loaring purposely slowed near the end, letting Harbig win in front of his countrymen, and knowing that a Canadian second would qualify for the final. However, in the final, Canada's third relay runner was fouled by an American runner, and Loaring received the baton seven meters behind Harbig. Loaring nearly caught Harbig, with Germany and Canada receiving the same time, but Loaring behind by less than a metre -- Canada placing fourth.

International press reported that officials huddled about the obvious foul, but ultimately decided not to disqualify the USA team, because the Canadian team hadn't protested. Such was the gentlemanly "roll-with-the-punches" sportsmanship and politics of that earlier time.

The popular German weekly, *Fussball*, selected Loaring as: "The toughest competitor of 1936..." The noted Olympic authors, Ross and Norris McWhirter, commented: "Loaring's competitive record at the 1936 Olympics...must just about represent the most severe test to which any Olympic athlete has ever been subjected." Loaring is still the only athlete to compete in all three Olympic male finals involving the 400m distance in any combination of Olympic Games, and he did so as he turned age 21, with World War II depriving him of two Olympic Games during his prime years.

POST-OLYMPIC PERFORMANCES

Immediately after Olympic Athletics events, Loaring competed in a British Empire vs USA Meet in London, England, on August 15th, 1936. In a four-by-two-lap steeplechase relay, Loaring ran the anchor leg in a World Best Time, winning gold for the British Empire Team. He overcame a 12yd lead of USA's anchorman, who had held the 3,000m steeplechase World Record until one week prior. This was Loaring's one and only steeplechase experience.

In the 1937 Pan-American Games in Dallas, Texas, Loaring's favourite 400m hurdles event wasn't on the program. However, he won a fourth-place medal in the 400m run. Three days later, Loaring competed in an Oxford-Cambridge versus Canada Dual Meet in Hamilton, Ontario. After winning the 220yd hurdles, Loaring upset Britain's Olympic silver and gold medalist while winning the 440yd run.

1938 BRITISH EMPIRE GAMES

Sydney, Australia (now called Commonwealth Games)

Loaring won three gold medals in the 440yd hurdles and two relays, as well as fifth place in the 440yd run. He is the only Canadian Athletics athlete to win three gold medals in a Commonwealth Games. Loaring tended to run to win rather than to set records, especially when running many races. In the 440yd hurdles final, he was very far ahead, and noticeably slowed toward the end, still winning by 15 yards. Despite slowing, he missed the World Record by only 3/10ths of a second, with 1938's World Best 440yd/400m hurdles time. In 1938, Loaring was awarded the J. W. Davies Trophy, as the year's top Canadian in Track, Field, Marathon, and Harrier competition.

MILITARY SERVICE

In his last university year, Loaring wrote his final exams early, so that he could be in the first group of Royal Canadian Naval Volunteer Radar Officers on loan to the British, leaving Canada in April of 1940. In September of 1940, his destroyer was dispatched to pick up civilian survivors of a torpedoed liner. After explaining his life-saving skills to the ship's doctor, he was assigned five tiny lifeless bodies. Three were revived under Loaring's direction, and he was commended by the Ontario Branch of The Royal Life Saving Society.

He served as radar officer on H.M.C.S. Fiji, which ran out of ammunition during the Battle for Crete, and was sunk by a German bomber on May-22, 1941. 523 of the 764 naval personnel survived, clinging to wreckage until picked up a few hours later. Loaring was put ashore in Africa to recover from oil poisoning.

*David Feldman SA would like to thank

in the preparation of this catalogue*

In 1942, while serving as Senior Technical Instructor for Radar Officers in Portsmouth, England, Loaring competed in track meets. For one of these, the local press hyped his 440yd hurdles World Record attempt, but Loaring had another focus: a 440yd run, giving a British Olympian

a chance to avenge defeat by Loaring weeks earlier. This time, Loaring was only second, but, 45 minutes later, he won the 440yd hurdles, 9/10ths of a second off the World Record. This was amid wartime training restrictions, and 15 months after he had been put ashore in Africa after the Battle for Crete.

In 1943, Loaring was transferred to Saint-Hyacinthe, Quebec, to head Canada's Radar Training School until the end of the War. In 1946-47, as a Lieutenant-Commander, he was Commanding Officer of H.M.C.S. Hunter, Windsor.

SPORTS SERVICE, AWARDS, AND LEGACY

Loaring served in a broad variety of roles in Athletics, Road Running, Swimming, and Water Polo, as well as other sports through his general positions with the Canadian Olympic Association, the British Empire & Commonwealth Games Association, the Amateur Athletic Union of Canada, etc. He was an Athletics Official at the 1966 British Empire & Commonwealth Games at Kingston, Jamaica. Many sports events were named in his hour, and he was inducted into national and regional halls of fame.

Loaring died of cancer at age 54, on November 20th, 1969. Both he and his eldest son, John Jr., received "Most Memorable Athlete" awards for their respective decades in high school. John Jr. won the Royal Arcanum Award as Windsor's best all-round athlete, in his final high school year, 1963-64, and was on relay teams setting Canadian Records while at the University of Toronto. John Jr. was the third-generation owner of the Loaring family construction business. After designing and/or building in eight Canadian provinces and three USA states, with dozens of awards for design and construction excellence, John Jr. retired from construction in 2004, and continues with other family businesses.

John Jr.'s daughter, Charlotte, competed in Synchronized Swimming and Swimming, including the World High School Swimming Championships. She was Captain of the University of Toronto Swimming Team, which won the Canadian Championships. With two university degrees, she is a Registered Physiotherapist and owner of Loaring Physiotherapy & Health Centre in the Town of Tecumseh, on the east side of Windsor. John Jr.'s son, James, has a University of Windsor Business Degree. At the 2002 Triathlon World Championships, he won a bronze medal in the 25-29 age group, and subsequently has competed worldwide in the elite/professional category, with top-ten finishes at Triathlon World Cups. He is owner of Loaring Personal Coaching, based in Guelph, southwest of Toronto, Ontario.

In honour of their mother, and John Jr.'s late wife, Charlotte and James co-organize the biennial Loaring Triathlon at the family home at a Lake Erie beach in Essex, Ontario. Proceeds are donated to the Elena Loaring Memorial Fund for Breast Cancer Research, administered by The University of Windsor, with the Ontario Government matching all donations. The 2004, 2006, & 2008 events raised over \$100,000. Additional information is available via the web site: www.loaring.com

5.1.- LA REIMPRESIÓN DE PARTE DE LA SERIE OLÍMPICA

Después de los Juegos de Atenas, el Olimpismo sufrió un cierto retroceso en los Juegos de la II Olimpiada celebrados en París en 1900. Ello fue debido a que fueron incluidos como atracción en una Exposición Universal. Les faltó el ambiente intelectual de la reconstrucción de los Juegos de la Grecia clásica, que habían caracterizado los Juegos de la primera Olimpiada de Atenas de 1896.

El sobrante de la serie Olímpica de 1896 fue sobrecargado por el Correo griego.

Ihr Hochwohlgebornen!

Die Olympiade wird im Jahre 1916 zum ersten Mal auf deutschem Boden stattfinden und es gilt es, dem Amstern des Auslandes voll und ganz gewachsen zu sein.

Auf dem Gebiete der sportlichen Käufe zu Pferde lässt es sich der Reichsverband für Deutsches Halblblut mit seinen bekannten nationalen Bestrebungen gerne gelegen sein, nicht nur einen Blug unserer deutschen Herren zu sein, sondern einen Blug auf deutschen Pferden zu erringen, der dies durch Inkauz von besten deutschen Pferdeaterial, sowie durch vermehrte Ansetzen von Sonderpreisen für deutsche Pferde mit Turnieren zu erreichen, wendet sich der Reichsverband an die gewusste deutsche Nation mit dem heiligsten Aufzur, um dieses hohe nationale Ziel erreichen zu können.

Ihr Hochwohlgebornen würden durch Unterstützung und entsprechenden Vortrag bei den Heeren und hohen Herrschaften der nationalen Reche einen unersordentlichen Dienst leisten und so das grosse Werk fördern helfen.

Pauline Fürstin zu Wied
Prinzessin von Württemberg.

Condition of Covers

Extremely Fine / Superb – outstanding, the envelope shows only the slightest amount of wear, the stamp and cancel appear fresh

Very Fine – choice condition, the envelope shows typical slight soiling or wear from usage

Fine to Very Fine – normal condition, the envelope shows a bit heavier wear or soiling

Fine – evident wear, still a presentable example

Light edge wear, top backflap faults, slight reductions at one side, and file folds are normal for 19th Century covers. Also normal are light cleaning and small mends along the edges. They are to be expected and are not always described, and are not grounds for return.

David Feldman SA - Conditions of Sale

The currency of the auction is the Euro (€)

Participation in any David Feldman S.A. auction means acceptance in full of the following conditions as well as any rights and obligations arising therefrom. These same conditions also apply to all transactions in auction lots taking place outside the realm of the auctions. DAVID FELDMAN S.A., organiser of the auctions, acts as an agent only and is not liable in any way whatsoever for any default(s) of purchaser(s) and/or vendor(s).

1. THE AUCTION LOTS ARE OFFERED

1.1 As presented in the relative auction catalogue and/or through the David Feldman S.A. website. Lots are meticulously described and with the greatest care, however without responsibility. Photographs count as part of the description with regard to the margins, perforation, centering, postmarks and all other visible attributes. The descriptions of the lots mention if the items are signed by recognised experts and/or accompanied by expert certificates.

1.2 As viewed in person: before and during auction sales, persons or their agents may examine lots at our offices or at the auction location, and must provide their auction invitation before viewing. Persons or their agents attending a Live Room auction by invitation and/or who have viewed lots before an auction are understood to have examined all lots which they purchase and accept them as they are at the moment of the knocking-down and not necessarily as described.

2. AUCTION BIDS

2.1 The auction bid steps for all auctions are as follows: (some auctions may be in other currencies than Euros)

€ 50 - 100	€ 5	€ 2000 - 5000	€ 200
€ 100 - 200	€ 10	€ 5000 - 10000	€ 500
€ 200 - 500	€ 20	€ 10000 - 20000	€ 1000
€ 500 - 1000	€ 50	€ 20000 - 50000	€ 2000
€ 1000 - 2000	€ 100	€ 50000 - 100000	€ 5000

Bids between these steps will be adjusted accordingly to the next highest bid step. The bidder is bound by his offer until a higher bid has been validly accepted.

2.2 DAVID FELDMAN S.A. has full discretion to refuse any bidding, to divide any lot or lots, to combine any two or more lots and to withdraw any lot or lots from the sale without in any case giving any reason. DAVID FELDMAN S.A. may also bid on behalf of vendors in cases where reserve prices have been fixed. In these cases, the vendor is treated as a buyer and the auctioneer shall bid on his behalf up to reserve prices. If the reserve price fixed by the vendor is not reached, the auctioneer passes to the next lot by a simple knock of the hammer.

2.3 Bid orders are only accepted from registered clients of DAVID FELDMAN S.A. and/or its associated companies. Live Room bidders must present their invitation prior to obtaining a bidding number.

2.4 Bid orders received by DAVID FELDMAN S.A. including via its website before the relative auctions have priority over room bids in the case of Live Room auctions. Clients giving bidding instructions to DAVID FELDMAN S.A. may make alternative offers and/or limit the total of their expenditure in advance. Bids marked "BUY" are considered as up to ten times the quoted estimate price where such exists. Bids made in other currencies than the advertised currency of the auction will be converted into that currency at the market rate of the day of receipt by DAVID FELDMAN S.A. Bids are standing and hold good for at least 60 days from the auction period. DAVID FELDMAN S.A. reserves the right to invoice bidders up to the end of the 60 day period, payment being due immediately.

3. THE AUCTION

3.1 Unless explicitly stated otherwise, the currency of the auction is Euros. Attendance at the Live Room auction is reserved for invited clients and/or their agents.

3.2 Prerogatives of David Feldman S.A.: DAVID FELDMAN S.A. may withdraw, group differently, divide or refuse to knock down any lot. DAVID FELDMAN S.A. reserves the right to refuse any bid orders and/or for Live Room auctions, refuse admittance to the auction room, at its discretion, to anybody whomsoever. DAVID FELDMAN S.A. cannot be held responsible for any physical accident that may occur on the premises where auctions take place.

3.3 Bidders' representatives and auction agents: any person bidding for the account of a third party is fully liable for any obligation arising from such bidding. This responsibility is notably applicable for the verification of the condition and for the payment of purchased lots.

3.4 Winning Bids: each lot is sold on behalf of the respective owner to the highest bidder who becomes the buyer at one bid step over the next highest bid step; this is the knock-down price. In addition to the knock-down price, the buyer pays an all-in fee of 20% to cover commission, charges and expenses including lotting fees, insurance, packing, export formalities etc. whether all incurred in particular cases or not. Cost of postage or shipping for all lots is additional and will be invoiced separate from the buyer all-in fee. On the knock of the hammer, liability for the lots passes to the bidder whose bids have been accepted. The lots are delivered to the buyer when the total sale price (knock-down price plus all fees including postage or shipping) have been paid in full.

VAT (Sales Tax) - Notes for guidance concerning auctions for which the lots are located in Switzerland: buyers domiciled abroad are not liable for this tax once the goods are duly exported from Switzerland. DAVID FELDMAN S.A. are pleased to arrange this export; alternatively, clients may make their own arrangements and furnish DAVID FELDMAN S.A. with proof of export, stamped by Swiss customs. Any purchases by buyers who wish to keep their purchases in Switzerland will be liable to VAT at 8% of the purchase price in Swiss Francs at the converted Euro value during the auction.

3.5 Payment: Sale price plus commission and postage or shipping (if any) are due for immediate payment as invoiced against delivery of the lots. Payment in other currencies is accepted at the rates of exchange of the day as quoted by a Swiss major bank. The bidders who are successful with whom it has been expressly agreed that they pay after the sale under special conditions, are due to pay the sale price and the commission according to those terms. In these cases, DAVID FELDMAN S.A. keeps the relevant lots which are delivered to the buyers on full settlement of their account. Delivery of the purchased lots by post, courier or any other

means if instructed by the buyer including cost of normal transit insurance cover is at the expense of the buyer. Title or ownership of the purchased lots, delivered or not, remains with the auctioneer on behalf of the seller until payment has been made in full.

3.6 Special extended payment facility: DAVID FELDMAN S.A. may offer a special extended payment facility for buyers. In these cases, the buyer may choose to pay a minimum of 25% of the total invoice immediately, and the balance over a maximum period of 6 months, paying an equal instalment at the end of each month. Interest plus charges of 1% is debited to the buyer's account at the end of each month from the auction date. When the special extended payment facility has been granted, the buyer understands that any claims regarding his purchases must be made within 30 days of the auction sale date, even though the lots may be held by DAVID FELDMAN S.A. awaiting full settlement of the account. Until delivery, all lots may be examined by their respective buyers at the offices of DAVID FELDMAN S.A.

3.7 Pledge: until full settlement of the account, the buyer grants to DAVID FELDMAN S.A. a pledge on any and all properties held by DAVID FELDMAN S.A., acquired prior to, during and/or after any auction. This pledge secures the repayment of any amount due in principals, interests, commissions, costs and other possible fees. DAVID FELDMAN S.A. is entitled, but not obliged, to realise freely the pledge assets without further formalities and without previous notice if the buyer is in default with the payment of his debts or with the fulfilment of any other obligation hereunder. For this purpose, DAVID FELDMAN S.A. is not bound to comply with the formalities of the Federal Law dealing with actions for debt and bankruptcy proceedings; in addition, DAVID FELDMAN S.A. may choose to institute or go on with the usual proceedings without having beforehand sold the pledged goods and without having moreover given them up.

4. GUARANTEE

4.1 Extent of the guarantee: subject to paragraph 4.3 below, the authenticity of all philatelic items sold in the auction is guaranteed for a period of 30 days from the auction date, with the express exclusion of any other fault(s). Any reclamation regarding authenticity must come to the notice of DAVID FELDMAN S.A. on the delivery of the lots but at the latest within 30 days from that date. Before delivery, which may take place after the 30 days period, the lots purchased may be examined at the Geneva offices of DAVID FELDMAN S.A. The buyer whose reclamation is made after 30 days from the auction date loses all rights to the guarantee. Such reclamation will not be valid by DAVID FELDMAN S.A. If an extension of the period is required in order to substantiate the claim with an expertise, a request for such extension must be made to DAVID FELDMAN S.A. within 30 days of the auction date. No request for extension will be considered beyond this 30 days period. The results of the expertise for which an extension was agreed must come to the notice of DAVID FELDMAN S.A. within 3 months of the auction date. No further extension of the period will be considered without the express agreement in writing of DAVID FELDMAN S.A. Only claims, expertise results or other details which are made within the agreed periods will be valid.

4.2 Expertise and counter-expertise: should the authenticity of a lot be questioned, the buyer is obliged to provide an expertise or counter-expertise from a prominent expert in the field, justifying the claim. If a stamp is found by a recognised expert, taking financial responsibility for errors, to have been forged, he may mark it accordingly. Consequently, the marking "FALSCH" (forged) is not considered an alteration. In the case of such reclamation, DAVID FELDMAN S.A. reserves the right to request, at its own discretion, one or more further expertise(s). All expertise and relative charges accrue to the vendor's account in the case of a justified claim, or to the buyer's account if the claim is not justified. In the case of a justified claim, the lot is taken back and the knock-down price plus the commission are refunded to the buyer. In the case of delayed payment due to expertise agreed by David Feldman S.A., interest is charged at 50% of the standard rate for all cleared lots. If David Feldman S.A. has not agreed, then full interest is due.

4.3 Exclusions: lots described as collections, accumulations, selections, groups and those containing duplicates cannot be the subject of any claim. Claims concerning lots described as a set or groups of sets containing more than one stamp, can only be considered under the terms of paragraph 4.1 above if they relate to less than one third of the total value of the lot. Lots which have been examined by the buyer or his agent, lots described as having defects or faults cannot be subjected to a claim regarding defects or faults. Illustrated lots cannot be subjected to a claim because of perforations, centering, margins or other factors shown in the illustrations.

4.4 Late Payment: if payment of the knock-down price plus commission due by the buyer is not made within 30 days of the date of the auction, DAVID FELDMAN S.A. reserves the right to cancel the sale and dispose of the lot(s) elsewhere and/or to make a recourse to any legal proceedings in order to obtain payment of the amounts due as well as for any incurred damages and losses and any legal expenses. A charge on overdue payment of at least 5% for the first month and 2% per month afterwards plus expenses incurred is chargeable on any outstanding amount after 30 days of the date of the auction. The buyer who is in default in any way whatsoever has no right of claim under any circumstances.

4.5 Exceptionally, the adjudication price will be reduced to the lowest winning bid where it is shown that a buyer has inadvertently increased the price by using more than one medium of bidding on the same lot.

5. APPLICABLE LAW AND JURISDICTION

Unless otherwise stated, all auctions as well as any rights and obligations arising from them shall be governed exclusively by Swiss law. Any legal action or proceeding with respect to the auctions shall be submitted to the exclusive jurisdiction of the courts of Geneva, subject to appeal to the Swiss Federal Court in Lausanne. In every case, DAVID FELDMAN S.A. shall also be entitled, at its discretion, to sue any buyer in default at his place of residence; in such case, Swiss law shall remain applicable and in the case of issues regarding price value, the Euro is converted at its Swiss franc value at the time of the auction.

6. All Transactions: these Conditions of Sale apply to all transactions of every kind including those outside the auctions, with David Feldman SA
